PROFILE

Eager and detail-oriented Junior Frontend Developer with a solid foundation in HTML, CSS, and JavaScript. Passionate about creating responsive and accessible web applications. Proficient in Reactjs. Seeking to contribute to dynamic teams and learn from experienced developers.

SKILLS

- HTML
- CSS
- JAVASCRIPT
- TAILWIND CSS
- REACT JS

PROJECTS

To-Do List Application

Developed a dynamic to-do list application using React, demonstrating proficiency in component-based architecture and state management (e.g., useState, useEffect). Implemented local storage for persistent data storage. Focused on creating an intuitive and responsive user interface

Technologies: React, JavaScript, HTML, CSS, tailwindCSS
